

Partnership Meeting and Stakeholder Workshop

Athens, December 2-3, 2025

AGENDA

Day 1: Tuesday, December 2

Venue: [EKKE, Kratinou 9 and Athinas](#)

09:00-09:30 Welcome coffee

09:30-09:45 Welcome and introduction
Giorgos Bithymitris, EKKE

09:45-10:00 Recap on project progress so far
Liga Baltina, FGB

10:00-12:00 WP6 - DEVELOPMENT OF A COMPOSITE INDICATOR*

The aim of the session is to discuss and decide together on:

- What are our stakeholders interested in being measured? (reflection based on field research work up to date and partners' experiences)
- Which are the main targets groups to be served?
- What should be the foundational pillars?
- How to integrate the gender lens?
- How shall we call the indicator?

Method: Decision jam -> Design studio -> Dot vote

Everyone will write down their ideas and challenges for 5 minutes to just get all thoughts out. Then for 55 minutes we will work in small groups to create an "indicator card" showing how each group thinks the indicator should look like, including what datasets are used. Then each group will present the proposed ideas and we will use stickers/dots to vote on the best ones.

This will feed into further discussion and work over the development of the index.

Discussion led by **Marina Ferent and Liga Baltina, FGB**

***Permanent coffee break in the room**

12:00-13:00 WP7 - IT TOOL WORKSHOP: Collecting user stories
